### **Traffic impacts at Scheuring Road/Lawrence Drive intersection**

*Temporary bypass lanes open August 6 in De Pere*

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region Office in Green Bay is announcing that traffic is scheduled to be shifted onto temporary bypass lanes at the intersection of Scheuring Road and Lawrence Drive on Friday, August 6. The bypass lanes keep the roads open to traffic during the construction of a multi-lane roundabout at the intersection. The bypass lanes are scheduled to remain in operation through November 23, 2010.

The temporary bypass lanes restrict traffic to the following movements:

- Eastbound and westbound Scheuring Road traffic limited to making right turns only onto Lawrence Drive
- Northbound Lawrence Drive traffic, south of the intersection, limited to making left turns only onto Scheuring Road.
- Lawrence Drive southbound, north of the intersection, closed to traffic

Alternate routes include Lawrence Drive, Fortune Avenue and American Boulevard.

As previously announced, the Scheuring Road and PDQ Drive/Mid Valley Drive (south) intersection is closed until November 23. Use Sand Acres Drive, Eisenhower Drive and Mid Valley Drive (north) as alternate routes.

Motorists are advised to remain alert and use caution when driving through this or any work zone.
